Psy-ops whistleblower: “I worked with 9/11 suspects Rumsfeld, Myers, Zakheim”

We live in an age of out-of-control psy-ops... and nobody understands that better than [Scott Bennett](#), U.S. Army Special Operations Officer (11th Psychological Operations Battalion, Civil Affairs-Psychological Operations Command) and global psychological warfare-counterterrorism analyst – who is outraged that the CIA-linked Deep State is funding ISIS (“[the best enemy money can buy](#)”) and al-Qaeda.

In [an exclusive interview with Truth Jihad Radio](#), Bennett described how he was recruited as a counter-terror specialist by former SecDef Donald Rumsfeld and 15th Joint Chiefs Chair Richard Myers – both of whom are suspected of treason and conspiracy to mass murder in connection with the false flag attack of September 11th, 2001.

During the interview Bennett confirmed that Rumsfeld and Myers are leading 9/11 suspects...and added that another apparent 9/11 criminal – Rabbi Dov Zakheim, the Pentagon comptroller who “lost” 2.3 trillion dollars the day before 9/11 and whose company SPC International specialized in remote-hijacking commercial airplanes – may have conspired to cover up Western funding of “radical Muslim” groups including ISIS and al-Qaeda.

In the interview, Bennett described the false-flag-infested US counter-terror policy as a disaster: “We’re heading for a cliff.” He said that more and more counter-terror officers in the US military are waking up to 9/11 truth, but that many remain silent for fear that speaking out could damage their careers. He added that unprincipled careerists dominate the higher ranks, which makes it difficult for honest, patriotic junior officers to do their jobs properly.

During the interview, Bennett described in general terms (so as not to violate his security clearance) how he clashed with his boss, Rabbi Dov Zakheim – then Senior Vice President of Booz Allen Hamilton – in 2010. The clash apparently involved Bennett’s efforts to expose and/or interdict terror funds flowing through Swiss Banks. A reasonable inference would be that Zakheim was trying to protect “[deep state](#)” funding flowing to “radical Muslim terrorists.”

Like VT contributor [Chip Tatum](#), who survived a “close encounter” with the Bush Crime Family, Bennett has set up an unofficial life insurance policy by arranging for extremely sensitive documents to be released in the event of his untimely disappearance or demise. It is hoped that his example will inspire other US military whistleblowers to step forward and expose the 9/11 false flag operation and the fraudulent “war on terror” it spawned.

Scott Bennett (full bio [here](#)) is the author of [Shell Game and Follow the Money](#). He “was formerly with defense contractor Booz Allen Hamilton. He received a Direct Commission as an Officer, held a Top Secret/Sensitive Compartmentalized Information (TS/SCI) security clearance, and worked in the highest levels of international counterterrorism in Washington DC and MacDill Air Force Base in Tampa, Florida. He has developed and managed psychological warfare theories, products, and operations for U.S. Special Operations Command, U.S. Central Command, the State Department Coordinator for Counterterrorism, and other government agencies.

He served in the G.W. Bush Administration from 2003 to 2008, and was a Social Science Research Fellow at the Heritage Foundation. Since 2010 Scott has filed numerous military-government whistle-blowing reports with Congressional Committees, including: the Intelligence, the Armed Services, the Government Oversight and Reform, the Homeland Security, the Judiciary, the Foreign Affairs, the Banking, and the Terrorism Committees.”
